SOCCER ACADEMY

FC Montgomery

Sponsorship Information Sheet

ABOUT US

We are an advanced soccer-training program that works with many soccer players ages 4 to 18 from Montgomery & River Region since August 2011. Our club team, FCM – Futsal Club Montgomery, practices after school hours and plays games on Saturdays (in Montgomery as well as other cities/states). Our coach Bruno Resende is a former professional player & college coach with a master in Physical Education. He coached soccer for many schools & clubs in Montgomery for 8 years before starting FC Montgomery.

OUR MISSION

We focus on developing athletes to perform to the best of their soccer abilities through the most advanced Brazilian training methodology worldwide. We also hold character, sportsmanship, faith, servant leadership, effective communication and respectful social behavior development to a high standard. We want our players to reach the highest level in their soccer career and succeed in life holistically.

SPONSORSHIP OPPORTUNITIES

Our sponsors will get great exposure for their brand while investing in the holistic development of our local young generation. There are multiple sport programs also training at the same facility where we are located and our players' parents are very involved with our program. Having your company's name on our practice/game uniform, website, facebook page, team/facility banner and newsletter e-mails could be a great marketing platform for your company.

LEVELS OF SPONSORSHIP

We do not require a specific amount for sponsorship. We are currently looking for sponsors at all levels to further develop our club. As we are looking for multiple sponsors, we will distribute the company branding on our marketing materials (listed above) based on the amount provided for sponsorship. Your support will help us cover our cost with equipment, uniforms, marketing, rent and transportation while promoting your brand. Please contact us for additional sponsorship information.
